DID YOU KNOW

Male fruit flies sing and dance
to attract females!

To get rid of fruit flies in your
house, start by eliminating their
food sources by keeping fruits
and vegetables stored properly
and cleaning up spills. Set up
traps using apple cider vinegar
or dish soap and water to
attract and catch them. Regularly
empty and clean your trash
cans to prevent breeding
grounds.

Guest Policy Reminder

As a friendly reminder, all tenants
are required to accompany their
guests while they are in any
common areas of the property.
This policy is in place to ensure
the safety and security of all
residents and visitors.

Furthermore, tenants are held
accountable for any damages
caused by their guests or any
actions they may undertake while
on the premises.

All overnight guests must be
signed in. Please call the office to
do so.

Thank you for your cooperation in
maintaining a pleasant living
environment for everyone.

Just a quick reminder:
using blankets or sheets as curtains is a
lease violation and affect the property's
appearance.

Be sure to use proper window coverings
such as curtains or blinds. If you have
any questions, please call the office.
Thank you for your cooperation and help
keeping WHA a great place to live!

DO NOT FEED THE STRAYS

Jefferson County Public Health has
reported a stray cat has tested
positive for rabies.
"Animals do not have to be
aggressive or behave erratically to
have rabies. Changes in any animal's
normal behavior can be early signs
of rabies."
